Softing IT Networks GmbH
Richard-Reitzner-Allee 6
85540 Haar, Germany

Attention: Konstantin Hüdepohl

Dear Konstantin

This letter is to inform you that Panduit has approved the WireXpert WX4500FA Cable Certifier to be used in testing Panduit's copper and fiber connectivity solutions for both Channel and Permanent Link tests for Cat5e, Cat6, and Cat 6A internal performance with the following requirements:

Firmware Version 7.x or later

Testing in our lab has found that the Softing WireXpert WX4500FA showed good correlation to a network analyzer on all Cat6A internal performance tests. This is necessary to verify the performance of Panduit's Copper Connectivity Products in field installations.

PANDUIT also accepts the test results provided with this tester for all of Panduit's warranty programs.

Sincerely,

Michael Borgman

Enterprise Engineering Lab Manager

Panduit Corp.
