

7/32" diameter head with magnet

5/16" diameter head with larger magnet

The MRS-24 Magnetic Retrieval System is the perfect tool to help fish wires through walls.

Kit includes:

- 24" Flexible Magnetic Retriever
- **MRS-RH20** Expandable Retriever Hook
- Storage Pouch
- **MRS-BC10** 10' Ball Chain with 3/4" loop and eyelet

Easy to use:

- Drill a hole in the wall or attic plate less than 3/4"
- Drop ball chain in the hole, the 3/4" ring stop will keep the chain from falling through
- Make a roughly 1/23" hole at the wall
- Use blue magnetic retriever to find the chain and use the MRS-RH20 hook to help pull chain through hole

SPECIFICATIONS

WEIGHT	0.190 lbs (86.2g)
LENGTH	24" (609.6mm)
